

UNO THE FLUFFALO

Improvised Amigurumi Pattern by Louie's Loops

In this amigurumi crochet pattern we'll be making the 1 eyed, 2 horned, and 3 legged alien creature, Uno the Fluffalo! This pattern was made from scratch during a live crochet along.

Introduction

Hey there!

I'm Louie, the creator of this pattern and the owner of Club Crochet. I just wanted to quickly say thank you so so much for your support and choosing to crochet something that I designed! It truly means the world to me that others are able to use my designs to learn how to crochet, improve their art, and create something they'll be proud of with their own hands.

Club Crochet was built to encourage **creativity, community, and compassion** through the art of crochet. We do that by offering many different learning styles for every pattern, providing free and affordable tutorials, and online communities to share your work and get help if you need it!

If you enjoy this pattern, you might enjoy a **Club Crochet Membership**, which is not only the best way to support my small business, but also a great way to get access to our entire library of patterns and tutorials. You can learn more about that at the end

Thank you so much again for your support and I hope you enjoy this project as much as I did creating it!

Happy hookin'

- Louie (aka @louiesloops)

Share your project using **#ClubCrochet** and tagging the official Club Crochet account for a chance to get featured!

Where to Start for Beginners

This pattern is **not designed for beginners**. You will probably need some prior experience in crochet to get started with this pattern. I've included a **full length video tutorial for this pattern** (linked on the previous page) that will go through every single stitch and technique needed in detail, I highly encourage crocheting along with that video if you are a complete beginner.

If you need extra help, I've included a few pattern specific tutorials below from my starter series, **Crocheting 101: How to Crochet for Complete Beginners**. If you're having an exceptionally difficult time, I suggest starting from the beginning of that series to learn all the basics to this awesome craft. **You can jump right in by clicking here.**

Tail and Fluffing

For the tail start by making a small Pom-Pom in **Color B**.

Place a pipe cleaner through the Pom-Pom and fold in half. Twist the pipe cleaner together, leaving an untwisted inch on the bottom.

Take a long strand of yarn in **Color A** and begin wrapping the yarn ends around the pipe cleaner covering it up. Weave through the tip of the pipe cleaner, and begin wrapping back down the pipe cleaner working back to the base. Try to fully cover the pipe cleaner in yarn (except the untwisted inch at the bottom).

Place the ends of the pipe cleaner through stitches on the back of the Fluffalo. Pull the yarn ends through each stitch on the back and through an adjacent stitch to double knot. Hide the ends on the inside of the body.

Finish your Fluffalo by fluffing the fuzzy Color B yarn using a cat brush or the rough end of some velcro.
